No. 3435 / EN/ T-II-1/011/2018

Date : 30 /10 /2018

Notification

Whereas, as per EIA Notification, 2006 an applicant seeking Environmental Clearance (EC) for building and construction projects shall be made by the project proponent in Form 1, Form IA and conceptual plan.

Whereas, in the MoEF&CC's OM No 21-270/2008-IA.III dated 19.06.2013 it is mentioned thus-“With the view to avoiding delay in processing of proposals, project proponents should provide complete information at the first instance only while submitting documents for TOR/EC so that the processing of proposals is not held up in the absence of requisite details.”

Therefore, in order to provide guidance to project proponent regarding requirement of documents for obtaining EC and to expedite the appraisal process for building and construction projects, two checklists i.e. checklist A and checklist B (Checklist A provides the list of documents to be submitted along with Form 1 and Form IA for obtaining EC, and Checklist B provides list of documents for stipulating conditions related to EC) have been prepared jointly by SEIAA & SEAC.

Henceforth, the project proponent is required to fill up the checklist A and B and provide copy of necessary documents, as applicable, while applying online and subsequently during submission of signed hardcopies. While appraising building and construction projects, SEAC would send their comments on checklist B to SEIAA along with its recommendation.
